SUBJECT: Travel to Skagit - Vehicle Request

This is to formally request a car for Phil Millam and Claire Dyckman of my staff to travel to Skagit on Monday, June 21 and to return on Wednesday, June 23. We apologize for the late request. They had intended to drive to Skagit with EPA personnel on a PCB inspection on Tuesday. However, discussions with personnel at Skagit revealed that they will need more than one day up there. This was just determined yesterday afternoon.

Thank you for your help.
